## **PRESS RELEASE**

### **(Uncontrolled Firing at Handwara and Kupwara Killing Four Persons)**

KPSS strongly condemn on the firing incidents that took place in the recent past at Handwara and Kupwara in which four persons got killed including a lady. This is really unfortunate that these gruesome incidents are engineered to meet the vicious political agenda. It seems that few persons in Kashmir Valley want to destabilize the State so that the current government could not complete its tenure and for these heinous plans, common masses are used as tool to achieve the goal. The loss of lives cannot be compensated by any means and the loss is irreparable. Armed forces being disciplined and experienced one should show some restraint while dealing with aggressive mob situations. Such kind of reactions will no way help to improve the situation in Valley.

KPSS urge Government of India to issue fresh advisory to the forces under the control of Central Government to maintain restrain while dealing with issues in Valley.

KPSS urge that State Government should do a time bound probe through independent agency in the issue involving members from Mainstream and Separatist fractions in complete the same as soon as possible and fix the responsibility so that the guilty is punished.
