## PRESS RELEASE

**31.05.2013**

### **(Death of one KP due to stop of monthly Ration by Relief Organization)**

KPSS has taken a strong note about the a recent news that was widely published in newspapers about the death of one Kashmiri Pandit in Jagti Township allegedly due to starvation because the relief entitled to the Kashmiri Pandit was stopped by the concerned Relief Officer. In this context a formal complaint has been filed before State Human Right Commission at Srinagar to do the unbiased probe in the matter as this is a grave human rights violation if the like conditions are created in which a person dies. This heinous act amounts to murder of a person and the guilty should be punished on the same analogy as per the law of the land. But while dealing the issue some vital question rise and which needs to be answered during unbiased probe.

- 1) Why the relief was stopped, if so, by the Relief Department? Because on the other hand it is because of this very department the Community have survived the hard time and the efforts of the Department gets tarnished which these kind of acts.
- 2) Why didn't the Camp Commander took action against the stopping of relief to the person who allegedly lost life due to starvation instead waited for his alleged starvation death?
- 3) If the relief was stopped, why didn't the concerned organizations working in the Jagti Townships raised question in the matter instead waited for his alleged starvation death? and why the matter was not resolved within time frame so that the person could be saved from death due to starvation?
- 4) Why didn't any one in the neighbours saved a precious life and offered two time meal to a single soul on moral grounds instead waited for his alleged starvation death?

Or is this only a political gimmick of few malafide and vested interest persons to tarnish the reputed image of Relief Department or the officer of the Relief Department who was made alleged scape goat in this incident.
