PRESS RELEASE

23.03.2015

(Press Release on Nadimarg Massacre)

Kashmir have faced many massacres since past two decades and police and other executive agencies have worked extra-ordinarily to punish the guilty but the incidents where a Kashmiri Pandit was killed have still remain unsolved better known to these agencies. Nadimarg Massacre is one of them. System has failed miserably to provide justice to the Kashmiri Pandit families who have lost their near and dear ones at the hands of these assassins who worked at the behest of these who wanted Kashmiri Pandits to leave their homeland in distress and despair. Even the investigating agencies have played with the emotions of these families due to their failures to punish the guilty.

Either the cases are closed for want of evidences or the guilty have been released because investigating agencies deliberately created so many loop holes in the evidences that they could not prove the crime before the competent authorities.

Nadimarg Massacre is one these failures of the systems created by the State and Centre and clearly shows how serious they are to punish the killers of Kashmiri Pandits and how much these people who are at helm of affairs are serious about to create the an atmosphere of trust between the system and the Kashmiri Pandit Community.

Irony of the situation is that one sitting MLA Engineer Rashid, who have nothing to do with the issue of Kashmiri Pandits and their return and rehabilitation, never miss a chance to agitate against this miniscule community and others encourage him by remaining mute spectators. People like him are real wolves in the system who wants to promote himself at the cost of this miniscule community and people like him will never give a chance to the system to punish the guilty.

KPSS time and again asking Central Government to take the matter in their hands and handover all these cases to better investigating agency(ies) to re-investigate all the killings of Kashmiri Pandits in Valley, within a time frame.

Sanjay K. Tickoo
President, KPSS
