PRESS RELEASE

09.04.2015

(Opposition of Separatists on return policies of Kashmiri Pandits)

KPSS strongly oppose the stand taken by the Separatists for announcing protest and shutdown on Friday and Saturday respectively against the return policies for rehabilitation of Kashmiri Pandits in Kashmir Valley. The Separatists Platforms in a single breath propose and oppose the return of Kashmiri Pandits in the Valley. KPSS want to tell Separatists have no say in return policy of the Kashmiri Pandits, as on the moral grounds they are in position to intervene in this issue being the prime offenders of the crimes done against this miniscule Community.

Fate of every Kashmiri Pandit has always remained in vortex since 1990, due to the eruption of political turmoil in the Kashmir Valley. It is really hard to understand why this miniscule community have been put on the receiving end by every fraction of the Kashmiri Society as well as the by the successive governments at state and Centre.

The very same militant commanders who ordered kill and rapes of the minorities in Kashmir Valley are using their current political platforms for inviting Kashmiri Pandits to return that too on the conditions laid by them only. Technically they are forcing their so called sacred commandments on the minorities so that the minorities of their own resist to return back to their homeland and they can prove that minorities are not willing to return.

In 2008, the same Government and same Separatist groups created havoc in Kashmir Valley for providing of land to a religious institution of the minorities and right now it is the same issue. In 2008 it was about “belief” and right now it is about the “believer”.

KPSS feel that the situation is being deliberately compromised in such a way that the policies which are safe guarding the religious minorities in Kashmir Valley including the return and rehabilitation could be put on hold to eat dust lying on the government shelves.

KPSS want to question all these Separatists that why there was more and more killing of Kashmiri Pandits from 1st of June 1990 till 30th October 1990 when majority of the populace were forced to leave the Valley. Till date not a single report or demand of inquiry was made from the Separatists camp. How they will feel our pain while staying back in the valley.

It must clear to one to all that it is our immediate neighbor or friends within the majority community that still we feel safe enough to be in the valley but we are not staying back on the mercy of any political parties, any government or any Separatist camp.

Why don't State and Central Government makes a select committee of Kashmiri Pandits living in the valley and task them with the work of resettlement of migrant Kashmiri Pandits? As the Kashmiri Pandits who stayed behind have a better understanding of the policies and the politics of this region and all the other sensitive and insensitive issues of this province. Be more specific make it a time bound project, so that the polices of the Government could be implements as soon as possible. The select committee will submit its report back by the stipulated time for the government to take action on that. Rather than spending money on the bureaucratic way of working create a human approach.
