## **PRESS RELEASE**

**12.02.2016**

### **(Implementation of Aadhar Notification in Violation of Hon'ble Supreme Court Orders)**

From the past few days State Government is imposing use of Aadhar Cards to its citizens, despite the fact that State Government totally failed to provide the same to the masses. The fact is that the State Government failed to implement the execution of the Aadhar Cards on the ground zero and by giving these statements/ notifications government is creating chaotic atmosphere in the society to cover their failure as still lakhs of people have not received their respective Aadhar Cards despite completing all the formalities for the same. These notifications are something like dictatorships that too without any homework.

On the one hand Hon'ble Supreme Court of India have refrained Central Government from making Aadhar Card mandatory and have clarified that the use of Aadhar Card is Voluntary and no person can be deprived of the government benefits for want of Aadhar Cards.

KPSS request the State Government to clarify their stand, these notifications are in violation of the directions of the Hon'ble Supreme Court and above all they themselves have failed to implement and execute for providing of Aadhar Cards to its Citizens. All the onus lies on them for the failure for providing Aadhar Cards to the masses and these notifications are creating chaotic atmosphere for those who have not been provided the same by the concerned departments for the reasons best known to them.
